GEORGE F. REED,

C. B. McCLURE,

MRS. E. T. MOUNTFORD,

Trustees.

REPORT OF SCHOOL BOARD.

To the Citizens of Stoddard:

Another year, with its opportunities for study and improvement in our schools, has been added to the past, since the last report of this board. During that period something has been gained, but much has been lost. Only two schools have been maintained in town in 1910, with an attendance of 49 different pupils. The school population has decreased rapidly during the last few years. In 1907 there were 63 children between the ages of 5 and 16 years, and in September, 1910, only 33 were reported by the enumerator. The prospect is that there will be even less in the spring. It is suggested that it may be good economy and wise policy to consolidate all of the schools, and provide conveyance, as according to the present outlook there will be no more than five or six pupils at South Stoddard.

A winter term of seven weeks was maintained at the Center, and four of the pupils of the South Stoddard school attended it. It did not seem feasible to have a winter term at the "Box," owing to the difficulty of securing a teacher, and the few pupils who would be likely to attend.

Daniel E. Swett's two boys have been schooled in Sullivan, as usual, which seems the best arrangement that is possible to make, at a cost of \$75.50 for 21 weeks.

The money raised for painting the school houses was all expended at the Center. It was found necessary to shingle one side of the building, and the roof boards were so decayed that new ones had to be procured, so that when the painting was done on this school house the appropriation of \$75 was used up and a little more. We would recommend that money be raised for painting the house at South Stoddard, and not allow it to decay or become delapidated or neglected, even if

a school is not held there this spring. The financial statement shows a balance in the treasurer's hands sufficient to meet all the expenses for supplies and high school tuition, and the recommendation is made that the district raise \$50 for salaries of school officers. In more detail the report of the school is as follows:

SCHOOL NO. 1, (CENTER).

Miss Lucy E. Benway of Lempster taught three terms, or 30 weeks in all, maintaining a good school throughout. Miss Benway is earnest in her efforts to impart instruction and is a good disciplinarian, as well as a conscientious and thorough teacher. In this time of a scarcity of good teachers, the district was fortunate to secure her services for the year. Whole number of different pupils registered in the spring, 18; average daily attendance, 15.08; number of cases of tardiness, 9; number of visits by school board, 5; number of visits by parents and others, 26; number of pupils not absent nor tardy, 7; wages of teacher per month, \$34. Fall term: Whole number of different pupils, 21; average daily attendance, 14.99; number of cases of tardiness, 29; number of visits by school board, 4; by parents, citizens and others, 19; number of pupils not absent nor tardy, 6; wages of teacher per month, \$40. Winter term: Whole number of pupils registered, 18; average daily attendance, 14.81; number of cases of tardiness, 11; number of visits by school board, 5; by parents and others, 11; number of pupils not absent nor tardy, 10; wages of teacher per month, \$40.

SCHOOL NO. 2, (SOUTH STODDARD).

The spring term was taught by Miss Pearl Bryant of Antrim, who conducted the school in a very satisfactory manner. Length of school in weeks, 11; whole number pupils registered, 23; average daily attendance, 18.54; cases of tardiness, 10; visits by school board, 3; by parents and others, 58;

number of pupils not absent nor tardy, 7; wages of teacher per month, \$40.

The fall term of 10 and 8-10 weeks was taught by Miss Anna J. Taylor of Northampton, Mass., who came well recommended by school officers and others and by the principal of the Penacook High school. She was very much handicapped by deafness, which renders her totally unfit for a teacher, and made the school nearly a failure. On account of this the term was cut short of what was intended. Whole number of different pupils registered, 19; average daily attendance, 12.87; cases of tardiness, 22; number of visits by school board, 5; by parents, citizens and others, 15; pupils not absent nor tardy, none.

It may be well to state that the price of board is added to the wages of teacher, and for the Center school \$3 per week was paid, and at South Stoddard \$3.50 for the spring term, and \$4 for the fall.

The following names of pupils are found on the roll of honor:

For the year—Everett L. Cutter, Mabel A. Cutter, Ruth M. Cutter, Lauraette A. Cutter, Marion L. Cutter.

For two terms—Harriet M. Spalding, Bertha M. Whippie, Ethel L. Whippie, Eva A. Whippie, C. Harold Whippie.

For one term—William F. Lane, Mildred Shoults, Madeline Shoults, Robert L. Howard.

Respectfully submitted by the chairman for

CUMMINGS B. McCLURE,
HENRY E. SPALDING,
SAVONA M. MESSINGER,
School Board.
